ABOUT US

SBIePay is an online payment aggregation service provided by State Bank of India, India's most recognised & trusted brand in banking, and the only Bank in India to have their own Payment Aggregation platform.

Our clientele ranges from Central and State Govt bodies, Govt. and Autonomous department, educational institutes like colleges, private coaching classes, etc.

We provide electronic connectivity between merchants on one hand where they are selling their goods and services to their customers and various Banks & financial institutions on other hand. This e-connectivity thereby facilitating e-Commerce/m-Commerce transactions between merchants and customers through various payment channels.

State Bank of India is India's largest bank with a network of over 22000 branches, 55000 ATMs across remotest parts of India. State Bank of India (SBI) offers a wide range of banking products and services to their corporate clientele and retail customers. Details of various services and banking products offered by the Bank is available on https://sbi.co.in/

Leveraging on State Bank of India's Brand equity and goodwill in the market, SBIePay is aggressively moving towards becoming the leading payment aggregation platform for various merchants, by handling huge volumes and by processing massive no. of transactions.

We have onboarded Government Agency, Educational Institution, Co-op Society, Corporation, Individual, Partnership firm, Proprietory, Public/Private Ltd, Registered Charity, Religious Organisation and Trust business type merchant with SBIePay
